WHY CHOOSE A PLANTRONICS WIRELESS HEADSET SYSTEM?

FLEXIBILITY

Plantronics wireless headset systems provide you with unprecedented mobility and flexibility for today's working environment, enabling you to talk hands-free and accomplish simultaneous tasks that fill your work day, such as using a keyboard and mouse, leading a Webinar, or grabbing an important document off the printer.

MOBILITY

You can be up to 300 feet* away from your phone to take a call—or move your conversation to a private area like a conference room—providing the freedom and confidence to have conversations wherever you are in the office.

QUALITY

You will have no doubt that you can hear and be heard with the CS wireless headset system's superior sound quality and high performance noise-canceling microphones.

COMFORT

With a Plantronics wireless headset system you can be comfortably focused on the task at hand...no more neck strain while on any call.

Telephone not included

* Voyager models have up to 33 foot roaming range

WHY WIRELESS?

Never be tied to your desk again, and move around the office freely, thanks to wireless technology that makes using your desk phone almost as convenient and portable as using a mobile phone.

- **Increase mobility:** bring calls to the conference room, printer, fax—anywhere up to 300 feet from your phone
- **Stay connected:** be flexible with remote call notification and answer/end capability
- **Multi-task:** hands-free convenience allows you to work efficiently while on a call
- **Secure conversation:** digital encryption prevents eavesdropping
